August 15, 2008

Dear Customer:

Due to changing supply and demand dynamics, effective September 1st, 2008 Old World Industries will increase its off list selling prices for DEG by \$0.08/lb and list and off list prices for TEG by \$0.10/lb to reflect the following transactional prices:

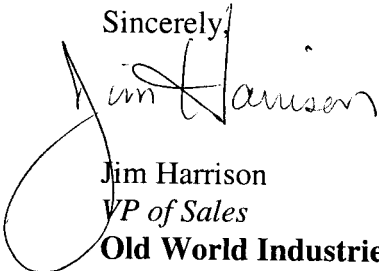

<u>Product(s)</u>	<u>Transactional Price</u>
Diethylene Glycol	\$0.72/lb
Triethylene Glycol – All Grades	\$1.25/lb

- Payment Terms: Net 30 Days
- Price in effect at time of shipment applies. Old World Industries has the right to limit quantities.
- All prices are FOB Old World Industries plant in Bayport, Texas. A \$0.03/lb. up-charge applies for product shipments FOB Old World Industries terminal locations in Lemont, Illinois; Pittsburgh, Pennsylvania; Bayonne, New Jersey.

This increase is a direct result of tightening supplies of DEG and TEG due to reduced global MEG plant operating rates.

Please contact your Senior Sales Executive with any questions.

Sincerely,

Jim Harrison
VP of Sales
