## Old World Industries I Ltd.

*An Old World Industries Company*

March 14, 2007

Dear Customer:

Effective April 1, 2007, or as contracts allow, Old World is announcing a \$0.03/lb and a \$0.04/lb price increase for MEG and DEG respectively, with prices not to exceed the following:

<b><u>Products</u></b>	<b><u>Price</u></b>
Monoethylene Glycol – All Grades	\$0.445
Diethylene Glycol – All Grades	\$0.550

- Payment Terms: Net 30 Days
- Price in effect at time of shipment applies. Old World Industries has the right to limit quantities.
- All prices are FOB Old World Industries plant in Bayport, Texas. A \$0.03/lb. up-charge applies for product shipments FOB Old World Industries terminal locations in Lemont, Illinois; Pittsburgh, Pennsylvania; Bayonne, New Jersey.

This increase is a result of a combination of rising feedstock costs in conjunction with tightening global supplies of glycols.

Please contact your Senior Sales Executive with any questions.

Sincerely,
