## Old World Industries I Ltd.

*An Old World Industries Company*

October 15, 2007

Dear Customer,

Effective November 1, 2007, or as contracts allow, Old World Industries is announcing the following list / off list price increase on all grades of monoethylene glycol (MEG), diethylene glycol (DEG) and triethylene glycol (TEG) as stated below:

<b>Product</b>	<b>Increase</b>	<b>September 1, 2007 List Price</b>
MEG	\$0.025/lb.	\$0.955/lb.
DEG	\$0.02/lb.	\$0.85/lb.
TEG	\$0.03/lb.	\$0.95/lb.

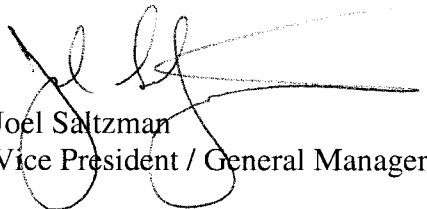

Price in effect at time of shipment applies. Old World Industries reserves the right to limit quantities. All prices are FOB Old World Industries plant in Bayport, Texas. A \$0.03 / lb. up charge applies for product shipments FOB Old World Industries terminal locations.

Continued impact of global supply disruptions for MEG, along with rising costs due to tight feedstock supplies effecting all glycols as a result of Hurricane Humberto, are the drivers for these increases.

Your continued support and communication are critical to our ability to meet your needs.

Should you have additional questions, please feel free to contact your Senior Account Executive or myself.

Sincerely,

Joel Saltzman  
Vice President / General Manager
