**Old World Industries I Ltd.**

*An Old World Industries Company*

November 12, 2007

Dear Customer,

Effective immediately, or as contracts allow, Old World Industries is announcing the following list / off list price increase on all grades of monoethylene glycol (MEG) and triethylene glycol (TEG) as stated below:

<b>Product</b>	<b>Increase</b>	<b>List Price *</b>
MEG	\$0.10/lb.	\$1.055/lb.
TEG	\$0.05/lb.	\$1.00/lb.

Price in effect at time of shipment applies. Old World Industries reserves the right to limit quantities. All prices are FOB Old World Industries plant in Bayport, Texas. A \$0.03 / lb. up charge applies for product shipments FOB Old World Industries terminal locations.

Continued impact of global supply disruptions for MEG, along with the continued increase in feedstock costs, is the driver for this increase.

Your continued support and communication are critical to our ability to meet your needs.

Should you have additional questions, please feel free to contact your Senior Account Executive or myself.

Sincerely,

  
Joel Saltzman  
Vice President / General Manager

Old World Industries
